

# Cucumber Production short course

Join leading experts for a practical three-week online training programme designed for emerging growers, students, and industry partners seeking to improve cucumber production efficiency in both greenhouse and open-field systems. The course features three core lecture sessions (one lecture session per week), supported by guided tasks, applied activities, and optional Q&A sessions to reinforce learning and encourage practical application.

## Draft programme:

- 30th March: Welcome Session | 09:00 – 09:45
- 01st April: Session 1 | 09:00 – 14:00
- 03rd April: Optional Q&A Session | 09:00 – 09:45
- 08th April: Session 2 | 09:00 – 14:00
- 10th April: Optional Q&A Session | 09:00 – 09:45
